EMERGENCY RESPONSE:	To guarantee greater safety to the consumer, Faber Chimica Srl has systematically deposited its formulations at the Istituto Superiore della Sanità ISS until December 2020. Since January 2021 it has notified the European POISON CENTER of its formulations, which can be consulted 24 hours a day, 7 days a week, by European hospital doctors, responsible for intervening in the event of accidental ingestion or direct contact between more sensitive tissues and the mixture.
SAFETY:	Faber Chimica Srl carefully complies with EU regulation 648/2004 which guarantees and regulates the internal market of detergents. The company pays particular attention in issuing all documentation for the end customer, ensuring its safety.
LABELS:	As per European regulations, Faber Chimica Srl declares on its labels all the necessary components, any hazards, danger and caution indications and the UFI code of the mixture. The information above, and contained on the labels, is a valid aid for any medical intervention. Even more detailed information than that written on the label is always available on the company direct number for an opinion from our qualified technical staff.
