

# ENHANCER PLUS

Colour-enhancing, stain-proof impregnator  
with matt wet-look finish, for compact materials  
and non-absorbent surfaces

**ENHANCER PLUS** is a solvent-based, colour-enhancing and stain-proof impregnating agent that penetrates the surface without filming. It leaves a matt wet-look finish and ensures great protection against stains on all low-absorbent materials or polished finish.

The formula of **ENHANCER PLUS** gives treated material a matt wet look while enhancing the colour and tone without creating a surface film. This product also stands out for its excellent water-repellence and stain-proof qualities, which offer effective protection against stains, and the damaging effects of water.

**ENHANCER PLUS** has a guaranteed, lasting colour-enhancing, protective effect and is the ideal solution to treat surfaces and objects, even outside, thanks to its excellent resistance to bad weather and to UV rays. It can also be used on surfaces that, due to their nature need to remain in continued contact with water: showers, fountains, washbasins and even kitchen counter tops.

**ENHANCER PLUS** also makes routine surface maintenance easier, as it limits a surface's ability to trap dirt, preventing dirt and stains from penetrating below the surface and attaching to the material.

**ENHANCER PLUS** is ready to use and quick and easy to apply. It is suitable for all types of low-absorbent material and can be used indoors and outside. **ENHANCER PLUS** is not suitable for use on medium or high absorbent materials or on materials with a rough finish.

## CHARACTERISTICS AND BENEFITS

- ✓ **Strong colour-enhancing capacity**
- ✓ Specific for use on compact and low absorption materials.
- ✓ **Leaves surfaces stain proof**
- ✓ **Enhances the material's tone and colour**
- ✓ **Ultra resistant over time**
- ✓ Excellent **water- and oil-repellent characteristics**
- ✓ **Resistant to UV rays**
- ✓ **Will not yellow over time**
- ✓ **Adds a matt finish**
- ✓ **Will not create a surface film**
- ✓ **Also suitable for application outdoors.**
- ✓ **Ideal for application on wet areas (saunas, showers, washbasins, fountains)**

## Protectors

**ENHANCER PLUS**- Colour-enhancing, stain-proof impregnator with matt wet-look finish, for compact materials and non-absorbent surfaces.

## USES

This product **can be used** on both indoor and outdoor surfaces.

**Suitable** for use on compact and low-absorbent materials: Marble-resin agglomerate, Quartz-resin agglomerate, Slate, Basaltina - Lava rock, Molten basalt, Granite, Limestone, Marble, Reconstituted (eco) stone, Porphyry, Quarzite, Travertine.

This product **is not suitable** for use on absorbent surfaces or materials with rough finish.

## COVERAGE

10-15 m<sup>2</sup>/l according to the absorption level of the surface being treated

## APPLICATION EQUIPMENT

Brush, roller, lambswool applicator, airless spray, cloth

## APPLICATION STEPS

### *Preparing and cleaning the surface*

1. Carefully clean the surface, making sure to remove any dust or dirt present.
2. Wait for the surface to be treated to be completely dry.
3. Any adjacent surfaces not being treated with the product must be protected.

### *Application*

*Before applying the product to the whole surface, always test a small, unexposed area or unused piece to check its suitability for use.*

4. Apply a thick, even layer of product to cover the whole surface being treated, using the tools of choice. Make sure to create a layer that is as seamless and even as possible.
5. About 10 minutes from application, make sure there are no residues or excess product on the surface, and redistribute these as necessary, evening the coverage until they are completely removed.
6. If applying the product to more absorbent surfaces, apply a second coat about 1-2 hours after the first, following the same procedure described above.

At the end of the operation, do not wash the floor for 24 hours after treatment. Extending this period to 48 hours, gives the product time to attach itself firmly to the surface, which will extend its duration.

### *Drying time*

Surfaces will be dry about 1-2 hours from product application.

### *Opening to floor traffic*

When used on floor surfaces, wait at least 6 hours before opening the floor to foot traffic.

## COMPLEMENTARY CLEANING AND MAINTENANCE PRODUCTS

After treatment with ENHANCER PLUS, maintain the surface clean with the product most suitable Faber product, such as NEUTRAL CLEANER or FLOOR CLEANER or, to be chosen according to the surface characteristics.

## Protectors

**ENHANCER PLUS**- Colour-enhancing, stain-proof impregnator with matt wet-look finish, for compact materials and non-absorbent surfaces.

### INSTRUCTIONS AND GUIDELINES

- Never apply the product to a wet surface
- Do not apply the product to overly heated surfaces
- When applying to recently laid or grouted surfaces, wait for the adhesive or grout to cure completely.
- If used after a water-repellent primer has been applied, wait for this treatment to cure fully before applying ENHANCER PLUS
- Before applying the product to the whole surface, it is advisable to test a small, unexposed area or unused piece to check its suitability for use.

### EQUIPMENT CLEANING

At the end of application, the equipment used can be cleaned using white spirit.

### SAFETY

When applying the product, always use suitable personal protective equipment and follow the instructions on the product safety data sheet with care.

### PHYSICAL AND TECHNICAL INFORMATION

#### DATI FISICO-TECNICI

Aspect:	Liquid
Colour	Transparent
Odour	Solvent
Specific gravity at 20°C	0.81 g/cm <sup>3</sup>
Flash point (ASTM D 56)	<21°C

### STORAGE

Keep the container tightly closed and store in a cool, dry place.

### SHELF LIFE

36 months in the original, sealed packaging, stored in a cool, dry place.

### ACCIDENTAL SPILLS

Soak up the product with an absorbent material (paper towels, sawdust, vermiculite, etc.) and dispose of it in the most suitable waste container.

### PACKAGING

- 1 l bottles - 12 bottles per box
- 5 l cans - 4 cans per box

## Protectors

**ENHANCER PLUS**- Colour-enhancing, stain-proof impregnator with matt wet-look finish, for compact materials and non-absorbent surfaces.

### HAZARD IDENTIFICATION

H225	Highly flammable liquid and vapour
H304	May be fatal if swallowed and enters airways
H336	May cause drowsiness or dizziness
EUH066	Repeated exposure may cause skin dryness or cracking.
P101	If medical advice is needed have product container or label at hand.
P102	Keep out of reach of children.
P210	Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
P301+P310	IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician
P331:	Do NOT induce vomiting.
P370+P378	In case of fire: Use carbon dioxide, foam, chemical powder to extinguish.
P403+P235	Store in a well-ventilated place
P405	Store locked up
